Firearm Take Back Program

Murders involving firearms happen on a daily basis with many happening right in Illinois due to gang violence. The Lincoln Police have responded to several burglaries over the years where firearms were stolen. Some of which have been recovered in larger cities including Chicago.

The Lincoln Police are offering a way to help reduce the number of unwanted firearms with a firearm take back program. This program is for our citizens that often have firearms that are not needed or left over from a deceased family member or relative, but want them destroyed rather than sold.

Information on the program is located on the city website under the Police Department Services.
